ABOUT ME

Frontend Developer with 4+ years of professional experience building scalable, responsive, and high-performance web applications using React.js, Next.js, TypeScript, JavaScript, and Redux. Strong expertise in developing reusable UI components, integrating RESTful APIs, implementing SSR/SSG, optimizing application performance, and converting Figma designs into pixel-perfect responsive interfaces. Experienced in collaborating with backend, UI/UX, QA, and product teams to deliver reliable and user-focused web solutions.

TECHNICAL SKILLS

- **Frontend :** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Redux & Toolkit
- **UI & Styling :** Tailwind CSS, Bootstrap 4/5, Material UI, Responsive Design, UI/UX Principles
- **API & Data :** RESTful APIs, Axios, Fetch API, GraphQL
- **Performance & Architecture:** SSR, SSG, Code Splitting, Lazy Loading, Memoization, Reusable Components
- **Design & Animation :** Figma, GSAP, Canva, Photopea
- **Tools :** Git, GitHub, VS Code, Chrome DevTools

PROFESSIONAL EXPERIENCE

Neebha Web Services – Mohali

Frontend Developer | June 2025 – Present

- Develop scalable and responsive web applications using React.js, Next.js, TypeScript, and Redux Toolkit.
- Integrate RESTful APIs using Axios and manage asynchronous data, loading states, and error handling.
- Convert Figma designs into pixel-perfect, responsive interfaces across desktop, tablet, and mobile.
- Implement SSR and SSG with Next.js to improve SEO, performance, and page rendering.
- Optimize frontend performance using code splitting, lazy loading, memoization, and efficient component rendering.

Milan Advanced Technologies – Ludhiana

Frontend Developer | May 2023 – June 2025

- Built and maintained scalable frontend applications using React.js, Redux, and JavaScript.
- Developed reusable and modular UI components using Tailwind CSS for consistent application design.
- Integrated REST APIs and collaborated with backend developers to optimize client-server data flow.
- Participated in code reviews, debugging, and implementation of frontend best practices.
- Mentored junior developers on React.js, reusable components, Git, and clean coding practices.

Rapid Smart Software – Mohali

Web Designer | April 2022 – May 2023

- Developed responsive websites using HTML5, CSS3, JavaScript, jQuery, and Bootstrap.
- Converted UI designs into functional and responsive web interfaces.
- Implemented interactive components and ensured cross-browser compatibility.
- Collaborated with clients to understand requirements and deliver intuitive UI/UX solutions.
- Created and optimized design assets using Figma, Canva, and Photopea.

SELECTED PROJECTS

E-Commerce Web Application – React.js, Redux Toolkit, REST API, Tailwind CSS

Built responsive product, cart, wishlist, and checkout interfaces with API integration and state management.

CRM Web Application – Next.js, TypeScript, REST API, Tailwind CSS

Developed a responsive CRM application with dynamic dashboards, API integration, reusable components, and SSR/SSG.

EDUCATION

Thapar University – Patiala

Electronics & Communication Engineering || 2017 – 2020

CORE STRENGTHS

Problem Solving • Clean Code • Reusable Architecture • Team Collaboration • Communication • Adaptability • UI/UX Focus • Attention to Detail • Performance Optimization • Quick Learning
